

and the notification of local emergency medical services and hospitals of the diversion; and

c. governs referrals if a clinical specialty service is not provided.

2. The emergency services shall be organized under the direction of a qualified member of the medical staff and a roster of on-call medical staff with service specialties shall be maintained. The services shall be integrated with other departments of the hospital. Ancillary services routinely available at the hospital for inpatients shall be available to patients presenting with emergency medical conditions.

3. The emergency service area shall be supplied with:

- a. basic trauma equipment and drugs;
- b. suction and oxygen equipment; and
- c. cardiopulmonary resuscitation equipment.

C. All licensed hospitals shall comply with current provisions of the Emergency Medical Treatment and Active Labor Act (EMTALA).

D. In accordance with R.S. 40:2113.6, no officer or member of the medical staff of a hospital licensed by the department shall deny emergency services available at the hospital to a person diagnosed by a licensed physician as requiring emergency services because the person is unable to establish his ability to pay for the services or his race, religion or national ancestry. In addition, the person needing the services shall not be subjected to arbitrary, capricious or unreasonable discrimination based on age, sex, physical condition or economic status. Emergency services are services that are usually and customarily available at the hospital and that must be provided immediately to stabilize a medical condition which if not stabilized could reasonably be expected to result in the loss of life, serious permanent disfigurement or loss or impairment of the function of a bodily member or organ, or for the care of a woman in active labor if the hospital is so equipped. If not so equipped, the hospital must provide treatment to allow the patient to travel to a more appropriate facility without undue risk of serious harm.

E. Personnel

1. The emergency services shall make provisions for physician coverage at all hours and a qualified member of the medical staff shall be designated to supervise emergency services. There shall be a registered nurse and other nursing service personnel qualified in emergency care to meet written emergency procedures and needs anticipated by the hospital. All registered nurses working in emergency services shall be trained in advanced cardiac life support, pediatric trauma and pediatric advanced life support.

2. There are specific assigned duties for emergency care personnel with a clear chain of command.

F. The hospital shall maintain an emergency service register on every individual seeking care. At a minimum, the register shall contain the following data:

§9327. Emergency Services

A. If emergency services are provided, the emergency services shall be on a 24-hour/seven-day basis in an emergency care area. The hospital shall have at least 1 physician available to the emergency care area within 30 minutes through a medical call roster.

B. Organization

1. Emergency services shall have written policies and procedures which:

- a. define and describe the scope of services offered;
- b. assures the integration of emergency services with other hospital services, delineating when the hospital shall divert emergency patients, the criteria for the diversion,

1. name, age and sex of patient;
2. date, time and means of arrival;
3. nature of complaint;
4. disposition;
5. time of departure;
6. name of the on-call or treating physician.

G. Trauma Center. In addition to the requirements above, all hospitals that request official designation by the Department as a "Trauma Center" must meet the requirements provided under state law (R.S. 40:2171).
