

**INFECTIOUS DISEASE EPIDEMIOLOGY**  
National Healthcare Safety Network/Emerging Infectious Diseases Workshop

**REGISTRATION FORM**

The Infectious Disease Epidemiology Section will hold three, one-day workshops targeted towards infection preventionists who are seeking to reduce the number of healthcare-associated infections and prepare for emerging infectious disease threats that may present in their facility.

The cities are: Metairie - Monday, November 14, 2016; Bossier City - Wednesday, November 16, 2016; and Alexandria – Thursday, November 17, 2016.

The training is free of charge, but attendees must register for each location (planning purposes for seating and handouts).
